Comments and Students Point of views

According to the feedback made by the students, the majority of them have favorable things to say about the institution's services. They mention that they feel supported by the institution, that study and improve themselves in BAU University.

Since the university values every student's opinions, we have emphasized the key points that students frequently mention in order to improve the institution of :

- Fitness and Recreation Facilities - Enhance fitness and recreational facilities to promote student well-being. Provide spaces for sports, exercise, and relaxation.
- Transfer Service – By the student's opinion they need transfer service from university. They start study early morning and end at late evening, waiting for buses and mini-buses at the evening take more than one hour.
- Pray room – Female students need separate pray room, because male and females cannot pray together at the same time in the same pray room.
- Smoking zones – Organize smoking zones.
- Cafeteria – By student's answer BAU should to expand space in cafeteria, should to improve menu and must to add takeaway service.
- Housekeeping/Cleanliness – Restrooms and bathrooms must be clean very often and not only this spaces. Water service proving must me improve.
- USMLE/BLUP – Arrange special lectures/meeting for student who want to prepare and pass exams of USMLE/PLUB.
- Cadaver - Teachers need to be more communicative and clear about our assignments, they usually are provided to us last minute. They should provide the information in classes without us asking them.
- Georgian Language – Most of students want to remove Georgian language from study process, they answered that it will no be useful for them future, it is very difficult language and they lost time for leaning it.
